PRICE FIVE CENTS

## Hanpeter, Cist New Class Presidents

### Institute Com. Gives Temporary Class A Status

5:15, M.I.T.A.A., Tech,  
2-47, 10-47, Elections  
Approved By Solons

The Institute Committee, at its  
meeting of October 11, gave provi-  
sional Class A status to the Veter-  
an Organization for one year.  
This allows the organization a rep-  
resentative on the Institute Com-  
mittee.

The following 5:15 Club elections  
were approved: Philip D. Jones,  
President; Donald W. Sabean,  
Vice-President; Edward J.  
Mica, 2-48, Treasurer; Laurent P.  
Mel, 2-47, and Joseph T. Murphy,  
Members-at-Large. The class  
elections of 2-47 and 10-47 were also  
noted.

William H. Semple, 2-46, and How-  
ard V. Perlmutter, 2-46, were ap-  
pointed as Chairman of Walker Me-  
morial Committee and General  
Manager of Voo Doo respectively.

Also approved were the elections  
of John A. Gunnarson, 2-46, and  
Robert A. Wofsey, 2-47, as Secretary  
and Member-at-Large of the M.I.T.  
The appointment of John E.  
Holland, 2-47, as junior member of the  
Week Committee, was ac-  
cused, while action on that of Nor-  
man N. Holland, 2-47, as Budget Com-  
mittee Chairman was delayed until  
the points can be investigated. The  
(Continued on Page 2)

### P. Committee Reveals Early Sale Of Options

The Junior Prom Committee  
announced that options for  
the dance sponsored by the  
Classes of 2-47 and 10-46, to be  
held on January 18 at Hotel  
Walker, may be purchased  
through the Bursar's Office be-  
fore November 1 with the pay-  
ment of tuition. The option  
price is \$3.50. Options may be  
purchased Wednesday, November  
15, in the Lobby of Building 10.

### Black Is Dorm Chairman Now

Dr. Compton Speaks  
At Statler Banquet

David G. Black, Jr., 2-46, has been  
elected chairman of the Dormitory  
Committee, it was announced at a  
dinner meeting of the committee  
and the Dormitory Board held Tues-  
day, October 16, at 6:00 P.M., at the  
Hotel Statler. David M. Denzer,  
2-46, was elected secretary during  
the course of the meeting, and the  
election of George Sawutz, 2-47, as  
treasurer was also announced.

Dr. Karl T. Compton, guest  
speaker at the dinner, gave an in-  
teresting talk entitled "Mission to  
Tokyo." Dr. Compton spoke of his  
recent trip to Manila, Okinawa,  
Tokyo and Yokohama, which he  
took at the request of the Office of  
Scientific Research and Develop-  
ment. He also told of conferences  
he held with General MacArthur,  
President Truman and other high  
officials.

### T.C.A. Collects \$2707 In Drive

A total of \$2707.30 in cash and  
pledges was netted in the recent  
annual T.C.A. Drive. Of this  
amount, \$2182.68, \$367.32 less than  
the goal of \$2550, will be applied  
toward the T.C.A. budget. The re-  
mainder of \$524.62 will go to the  
World Student Service Fund.

One thousand and thirty-five per-  
sons, or 52.6 per cent of the student  
body, contributed, averaging \$2.61.  
Individual contributions ranged as  
high as \$35.64.

A breakdown by living groups re-  
veals that the dormitories led with  
\$1004.22. The fraternities ran a  
close second with \$961.93. In third  
place was the Navy V-12 Unit, which  
gave \$430.70, and the commuters  
followed with \$310.45. As far as is  
known, this is the first time that the  
dorms have led the fraternities in a  
drive.

(Continued on Page 2)

### Other 2-47 Elections Make O'Donnell, Vice-President; Greenbaum, Sec.-Treas.

### Coe To End '45 As The Tech's Gen. Manager

Announcement Is Made  
At Gridiron Banquet;  
Dr. J. Killian Speaks

The following elections for the  
Managing Board of **The Tech**, effec-  
tive from the beginning of the fall  
term until the end of 1945, were  
announced last week at the Grid-  
iron banquet: Noel N. Coe, 2-46,  
General Manager; William C. Dow-  
ling, 2-46, and Richard Bakal, 2-47,  
Co-Managing Editors; and Donald  
S. Cohen, 10-46, Business Manager.

The Gridiron Society, honorary  
publications society, held the din-  
ner for its initiates on Wednesday,  
October 10, at the Smith House. At  
the meeting Dr. James R. Killian,  
Jr., executive Vice-President of  
Technology welcomed the fifteen  
initiates and addressed the group  
on the Institute's post-war plans.  
The initiates then presented a  
traditional humorous skit. The  
topic was their impressions of the  
first Gridiron meeting they had at-  
tended.

### Freshman Camp Is On November 3

Registration Is At 4;  
Session To Last Till 9

The twenty-third T. C. A. Fresh-  
man Camp will be held for the  
Class of 6-48 on Saturday, Novem-  
ber 3. Registration will begin in  
Walker Memorial at 4:00 P.M. that  
afternoon.

Letters of welcome and copies of  
the freshman Handbook will be

(Continued on Page 6)

### Barriger, Whalen Fill 10-47 Offices; Holland Named Ring Chairman

Robert W. Hanpeter and J. David  
Cist were elected as President of  
the Class of 2-47 and President of  
the Class of 10-47 respectively in  
the class elections held on October  
10.

The other officers of the class  
of 2-47 are Richard J. O'Donnell,  
vice-president; Daniel W. Green-  
baum, Secretary-Treasurer; Nor-  
man N. Holland, Ring Chairman;  
John A. Contegni and Robert Bow-  
man, Institute Committee Repres-  
entatives; Richard Bakal, Daniel  
W. Greenbaum, Robert W. Han-  
peter, Norman N. Holland, George  
Macomber, and William H. Wiel,  
Beaver Key Society.

Results of the elections also  
showed that John W. Barriger, IV,  
was elected as Class Vice-President  
for 10-47 with William L. Whelan  
as Secretary-Treasurer. Class rep-  
resentatives to the Institute Com-  
mittee are Albert I. Brayman and  
Donald K. Sampson.

### Techtonians Play For "Fall Frolic"; Bids Are \$2.40

It has been revealed that the  
Techtonians will play for the "Fall  
Frolic," an informal all-Tech dance,  
which is being sponsored by the As-  
sociation of Women Students. As  
previously announced, the dance  
will be held in Morss Hall on Fri-  
day, November 16, from 9:00 P.M.  
until 1:00 A.M. All lounges will be  
open, and the terraces will be also  
if weather permits.

## GET SOMETHING OUT OF IT

Even though World War II has already been brought to a successful conclusion, the Selective Service System is continuing its policy of drafting men without allowing them to carry their courses through and get degrees. Because of the rather short-sighted attitude of Selective Service, as well as an acute lack of drive and desire to get things done on the part of many men who have been going to school continuously for a good many terms, we find morale during the closing week of this summer term at an alarmingly low ebb.

Many men, especially those who are being called into the services at the end of the term, have manifested their resentment toward being drafted out of school in time of peace in what may best be termed an "I don't give a damn" attitude toward work in general and final examinations in particular. Many of them—indeed most of them—will want to continue their work after being discharged from the services, yet they fail to realize how much damage can be done to an excellent record by adopting a casual attitude toward their work for a single term.

Tech is still a place for men to work—and not for boys to play. It would be good to remember that. The Admissions Office is being swamped with letters from men who would like to come here, and those of you who are leaving now with the intention of resuming your studies later should realize that there will be room only for those men who have demonstrated their ability to keep up with the pace. A clear record would be a big help.

## T.C.A. Drive

(Continued from Page 1)

The Student House gave \$101.00, the largest donation from a single living group.

For the first time organizations

made contributions, with six contributing a total of \$100.00. The Chinese Naval Unit, Hillel Society, and Voo Doo led with \$25 each. Other organizations contributing were the Catholic Club, \$10; Outing Club, \$10; and Rocket Society, \$5.

## Inst. Comm.

(Continued from Page 1)

Tech's Managing Board elections were also approved.

The Veterans' Committee and the Freshman Rules Committee, sub-

committees of the Institute Committee, were dissolved; while the Dance Fund, created by profits from the last Tech Night at the Pop, was put at the disposal of the Budget Committee for its general fund.

## "OLD IRONSIDES"

*stood up throughout the war*

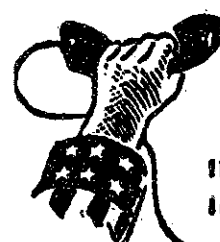

LIKE the famous old ship, your telephone has come through the war with colors flying.

What other aid to modern living has been so dependable under all conditions and so free from mechanical troubles?

During the war years, when so little new telephone apparatus could be made for the home front, even equipment made many years ago by Western Electric has served you faithfully and has been a national asset in time of war. Quality shows best when the going is tough.

★ ★ ★

Western Electric, supply unit of the Bell System, is now tackling its biggest peacetime job. Furnishing materials and equipment to meet the System's immediate needs—then to carry out the System's \$2,000,000,000 post-war construction program—promises record peace-time production and a level of employment higher than in the years just before the war.

## Western Electric

IN PEACE...SOURCE OF SUPPLY FOR THE BELL SYSTEM.  
 IN WAR...ARSENAL OF COMMUNICATIONS EQUIPMENT.

## Varsity Soccer Team Defeated By Servicemen

### Camp Endicott Scores 3-1 Victory To Hand M.I.T. Second Defeat

In the last soccer game of the semester, the Camp Endicott Sea Bees from Davisville, Rhode Island, empowered the Tech booters, 3-1, Wednesday on Briggs Field to engage a 1-0 defeat at the hands of M.I.T. earlier in the season. The loss was Tech's second in five starts.

#### Close Contest

Although the visitors, bolstered by their last game with Tech by a contingent of Dutch Marines, had the upper hand throughout the game, their lead was in constant jeopardy until midway through the first period, when Groch, outside forward, drove home the decisive goal. The Bees broke through intermittently with an effective passing attack, but failed to capitalize on several promising opportunities.

The Sea Bees got away to a two-goal lead, the first tally coming at six minutes after the start of play. Center Forward Nobele's shot, which came through in the second quarter, put the Bees in the lead.

#### Tech Counts

A rush marked by brilliant passing, the three center men of the Tech forward line stormed the Sea Bees' fullbacks in the second quarter to put the host team back in the running. The scoring effort was accomplished on a pass from Nobele to Rizo-Patron, who fired a shot past Goalie Eichelshiem. In the second half, the two teams played on almost even terms, but the experienced Sea Bees and M.I.T. finally put the issue beyond doubt in the last session. The line-ups:

### 1945 Technique Will Be On Sale On Saturday

The 1945 Technique, year book for the class of 6-45, will be on sale Saturday, October 20, from 9:00 A.M. to 1:00 P.M., and through exam week in the lobby of Building 10. The purchase price will be \$5.50.

## Company 2 Takes Swimming, Track To Win V-12 Award

Athletic Petty Officer "Foggy" Edwards will receive the purple rooster, symbol of V-12 intramural athletic superiority, for Company 2 at the Regimental Reviews this Saturday. For the season which ended this week, Company 2 is firmly entrenched in first place with 375 points, 75 ahead of Company 4, the mid-season leader. Company 1 is third with 225 points.

Companies 2 and 4 made a close race of it, each taking two firsts and a second place in the five events for this term, but the representatives of the second deck took the rooster by virtue of their greater versatility in garnering points in every event. After the track meet and the softball "A" league had been completed, Company 4 had a slim 25 point lead; 50 points for second place in the softball "B" league gave Company 2 a 25-point lead, and they were never headed.

#### Company 2 Takes Swimming

In the swimming meet held at Alumni Pool, Company 2 took first place in the 200-yard relay, the 100-yard breast stroke, the 50-yard free-style, and the 100-yard free-style to run up a winning total of 24 points. Companies 1, 5, and 4 finished in

# Tech Harriers Register Victories Over Harvard And Tufts In First Meets

other by only one point, in the close race for runner-up.

The football league provided the most excitement of the term. Company 4 ran true to form as Glen Dorflinger led the pre-season favorites through an unbeaten four-game season. No little credit is due to Jimmy Craig, whose pass snatching made him a touch-down threat all over the field, and Ray Evans, whose field goal in the last minute of play saved his team from a defeat at the hands of Company 5. Company 2 blew hot and cold from day to day, but blew hot enough to come from behind in the fourth quarter and down Company 5, thus clinching second place with a three-and-one record.

The best offensive play of the season was flashed by Company 5, which lost both its games with less than three minutes to go. They were the only team to score in every game and rolled up a total of 28 points against Company 1, with Lubetkin going over three times, aided and abetted by Joe Riley and Jack Aitken.

## Team Runs Tomorrow Against Northeastern; Serrie Hurt At Tufts

The Tech harriers annexed their second victory of the season last Tuesday by outrunning their up-river rivals, 18-41, on the Harvard course. M.I.T. had previously opened the schedule auspiciously by turning down Tufts, 26-31, on October 6. Tomorrow the team will meet Northeastern, conqueror of Harvard and W.P.I., at 2:00 P.M. on the Franklin Park course.

#### Keegan Shows Way

Lacking two top men, Serrie and Ray, Tech nevertheless encountered little trouble with Harvard. M.I.T. took both first and second, as Keegan covered the 3.7 miles in a time of nineteen minutes, thirty-six seconds, and Wangberg finished twenty-two seconds later. Moriarty took a third for the Crimson, but then three Tech men, Bowne, Zaworski, and Ellsworth, followed across the finish mark to assure the outcome.

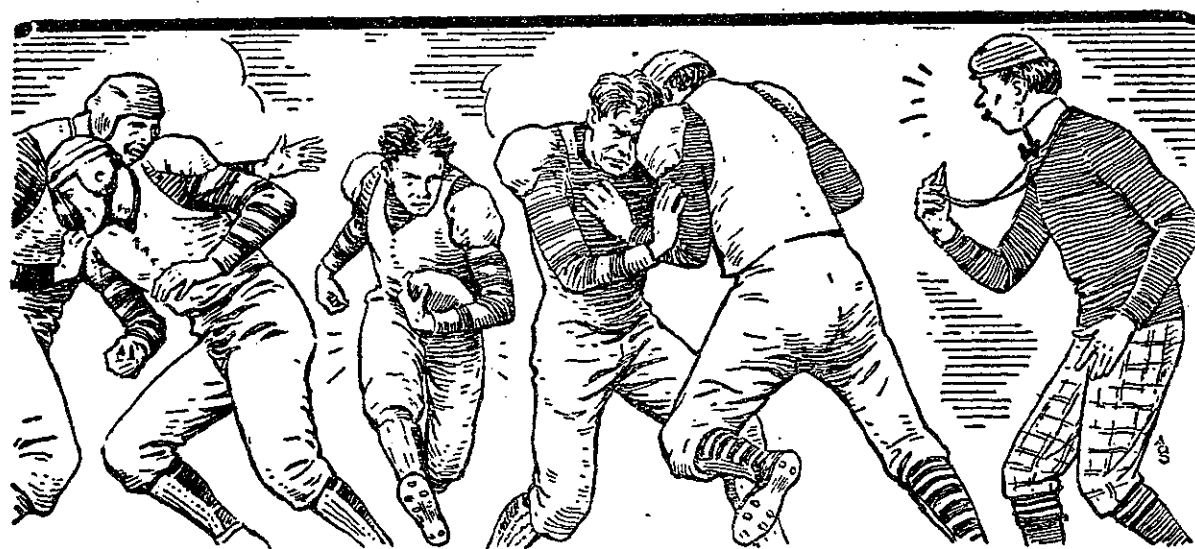

Other Tech runners against Harvard were Childs, eighth; Shea, eleventh; Hayward, thirteenth; and Handleman, fourteenth.

#### Serrie Injured at Tufts

In the Tufts race Tech suffered a loss when Captain Serrie was forced out with a leg injury after taking the lead over Tufts' Blanchard, who ultimately captured first, in a time of nineteen minutes, thirty-seven seconds. Arriving forty seconds behind, Ray was in the runner-up slot, while Keegan came in third. After two Tufts men, Fallon and Dickson, crossed the line, Zaworski, Childs, Wangberg, and Bowen followed across. Ellsworth and Handleman also completed the circuit for Tech.

#### For Freshmen Only

As of next term, track will offer broader opportunities for freshman participants. Coach Oscar Hedlund is planning to organize a freshman team to engage in outside competition. Indoor meets with neighboring high and prep schools are contemplated in this reversion to the pre-war program, which will be carried through the spring season in 1946.

## THE QUARTER HITS THE LINE-1903

In that year, for the first time in college annals, the quarter could run with the ball snapped direct from center. Brains and speed succeeded crude mass play, and the modern game began. It was a popular innovation. Like Railway Express round-trip service for college laundry and baggage, the new method once tried out became nation-wide standard practice. Make a standard practice, too, of packing and wrapping securely, addressing clearly and starting early whatever you have to express. It will help all concerned.

## Zacharias To Join Institute Staff

The appointment of Dr. Jerrold Zacharias as Professor in the Department of Physics at the Institute was announced recently. Professor Zacharias, soon after taking his doctor's degree at Columbia University, became a member of the molecular beam laboratory at the university under the direction of Dr. I. I. Rabi. He was a member of the group which carried out a distinguished set of investigations of magnetic properties of atomic nuclei during the years 1933 to 1944. This was the series of experiments for which Dr. Rabi was awarded the Nobel Prize in 1944.

Since 1940 Professor Zacharias has been a member of the staff of the Radiation Laboratory at the Institute, and was for a considerable period associated with another government project. In his new post he expects to continue research in the field of molecular beams and nuclear structures.

## Tech Booters Trounce Wesleyan, 3-0, Tufts, 3-1, On Home Field

Tech's third soccer victory of the campaign came at the expense of Tufts a week ago Wednesday by the score of 3-1. Playing on the home field, the Cardinal and Gray team came back with a vengeance after the visitors seized a one-point margin. Feeney, Tufts inside right, put his team in the lead with a marker in the first period.

### Rizo-Patron Scores Pair

In the second quarter, however, Pete Wright, Tech wingman, and Jaime Rizo-Patron, inside left, each rang up one goal to change the complexion of the game. Rizo-Patron came back after the intermission to cage his second goal of the afternoon and make the Tech advantage secure.

### The line-ups:

Scoring twice in the opening session, Tech blanked Wesleyan, 3-0, September 29 on Briggs Field for its second soccer victory of the season. After the victors broke through for a third score early in the second quarter, play settled down to a stalemate, with neither team making a serious, consistent scoring threat.

### Three Forwards Count

Etchenique, Tech center forward, was the first to register when he shot the ball high into the left hand corner of the goal. Shortly after this effort Wright, outside left, took a long kick from Smith, deftly eluded a lone defense man, and fired the ball past the unprotected Wesleyan goal tender.

Early in the second period, Brownson picked up a loose ball near the left corner of the net and made good on a close shot to wind up scoring for the day.

**Sailors Defeated By One-Point Edge****Coast Guard Team Runs Past Tech In Final Race**

By the narrow margin of one point, the Tech dinghy team was forced to succumb for its first defeat of the season September 24 in the fourth annual Coast Guard Quadrangular Invitational Meeting. Entering the final race of the afternoon with a seven-point lead, the four Tech crews were unable to ward off the host team's bid for the title.

Final tabulations found Coast Guard with a total of 102 points as against the M.I.T. aggregate of 101. Tufts, with 78, took third while Yale, in last place, gathered 53. The three teams invited to New London for this event are the top ranking colleges in the Intercollegiate Yacht Racing Association.

**Three Classes**

Three different types of boats marked the competition, sailed the Thames River in light breeze. Greenbaum was entered for Tech in the Star class; Brite, who took for high honors in his division, sailed in the International 14-foot dinghy bracket. La Fountain Hunt skippered International in which class M.I.T. prevailed by one point.

By virtue of their victory, Cadets regained Quadrangular supremacy, interrupted by MIT in 1944.

**Dinghymen Win Invitational Meet**

Entertaining six colleges in an invitational regatta on the Charles River last Sunday, the MIT sailors emerged in front to meet abbreviated by unfavorable weather. Tech, represented by a second trio of varsity skippers, cumulated sixty-five points to runner-up Harvard by eight.

With each team entering a skipper in three divisions, three races were sailed before activities were suspended. Hunt and Marvin continued their races without suspending a point; Bromfield was the third man who figured in the success.

The final team totals were as follows: Tech, 65; Harvard, 57; Tufts, 48; United States Merchant Marine Academy, 43; Brown, 42; Cross, 38; Northeastern, 34.
